

CARDAMINE BULBIFERA

The alien form of the Nationally Scarce plant *C. bulbifera* (L.) Crantz with broad, strongly toothed leaves (forma *ptarmicifolia* (DC.) O. E. Schulz) sometimes escapes from gardens, and should be recorded as distinct from the native form, forma *bulbifera* (Showler & Rich 1993). The native form is also grown in gardens.

forma *ptarmicifolia*

forma *bulbifera*

Reference Showler, A. J. & Rich, T. C. G. (1993). *Watsonia* **19**: 231-245.
