

# The Vegetative Key to the British Flora: Second Edition

John Poland & Eric J Clement

After 10 years, we are delighted to offer this much revised edition with re-written keys, additional species, phenology and, of course, many new novel ID characters. It is quicker and more comprehensive in detail than its predecessor, greatly improving on our original work. Despite this, size has not increased having listened carefully to comments that bigger is definitely not better when it comes to field guides.

It is available at the special pre-pub price of £19.50 inc p&p for Britain, Northern Ireland & Channel Islands (£25 plus p&p thereafter) for members and non-members alike until the 30th November 2019. Publication due December 2019. EU members (inc Republic of Ireland) please add an extra £4.00. For the rest of the world, add £6.50.

Please pay by PayPal via the BSBI website ([www.bsbi.org/vegkey](http://www.bsbi.org/vegkey)). Copies will be posted to the BSBI mailing address unless requested otherwise (non-members can fill in their address online). Payment may also be made by cheque in £Sterling only with the below form.

If paying by cheque, please send with below order form to: Gwynn Ellis (VK), 41 Marlborough Road, Roath, Cardiff, CF23 5BU, UK.

✂-----

Please send me . . . . . copy/ies of *The Vegetative Key: Second Edition* at £19.50 per copy. I enclose a cheque payable to 'BSBI' for £..... Overseas EU countries (inc. RoI) add £4.00 and rest of world add £6.50 (non-UK postage subject to Brexit). If receipt required please send SAE.
