

# BSBI Grants Programme for training, study & research

**We offer Training Grants of up to £250 so aspiring botanists can attend short plant ID courses**

- ❖ You don't need to be an expert to apply – a short ID course is a great way to get started!
- ❖ There are short plant ID courses across Britain & Ireland, many taught by BSBI's top botanists
- ❖ Our website has a list of all the training courses we know about
- ❖ Our News & Views blog features reports from successful applicants on the courses they were able to take, thanks to a BSBI Training Grant
- ❖ Apply for a grant to help pay for a short course to boost your ID skills

**We offer Plant Study Grants of up to £1000 to botany/ plant science students**

- ❖ For undergraduate or postgraduate students for botanical research projects
- ❖ This grant covers travel, subsistence and/or consumables

**Our Science & Research Committee offers grants to support research that enhances our knowledge of the British & Irish flora**

- ❖ These grants are aimed at PhD students, academic researchers and amateur botanists working on research
- ❖ The work should be capable of resulting in a scientific publication
- ❖ Amounts vary – up to £1000
- ❖ Submit a budget as part of your application

**It isn't essential to be a BSBI member if you want to apply for one of our grants - but BSBI members are prioritised in the award process!**

**BSBI grants go live on 1<sup>st</sup> January**  
**Download an application form:**
