

## CHESHIRE PLANT RECORDING MEETINGS FOR 2024

Meetings begin at 2pm unless otherwise stated and last until about 5pm. It is usually a gentle stroll and all are invited but these days it is at your own risk.

**Saturday April 27th** to try and re-locate *Myosurus minimus*. Previous records from St Edith's church also include Meadow barley and Stone parsley. Meet in St Edith's church car park (with kind permission of Reverend Tim Robinson). We'll start at the church and then make our way towards the river. St Edith's Church, Church Road (just off the Worthenbury road), Shocklach, Malpas SJ43210 50150 (What3Words: treatment.quietly.firming)

**Saturday, May 25<sup>th</sup>** to visit Moore Reserve SJ577854 to relocate *Pyrola rotundifolia*. Other species previously recorded at this site include *Filago minima*, *trifolium aureum* and *Carex vulpinoidea*. Park by roadside to left or right of crossroads.

**Saturday, June 29th** to visit Red Rock Sands, Wirral. *Parking tbc – any local information would be gratefully received.*

**Saturday, 27<sup>th</sup> July** to visit Pickmere to check out Cowbane, *Cicuta virosa*. *Parking tbc - any local information would be gratefully received.*

**Saturday, 17<sup>th</sup> August** to visit Farndon to check how *Mentha x gracilis* is doing and to see how much *S x versicolor* has invaded the river banks. Park at SJ 41201 54422 to walk eastwards along the river.

**Saturday, 14<sup>th</sup> September** to visit Brown's Bank, Audlem to find Small teasel. Park in layby SJ642429 and walk south.
