

Channel Islands' Top 10

Daisy

A familiar white and yellow flower found in lawns and grassy places.

Similar flowers: Feverfew, Mexican Fleabane

Red Campion

Hive-petalled pink flowers and leaves in opposite pairs.

Gorse

Yellow flowers that smell of coconut when in the sun. Has the classic flower shape of a member of the pea family.

Smooth Sow-thistle

A dandelion look-alike but usually much taller and the stem leaves have pointy bases which wrap around the stem.

Smooth Hawk's-beard

Tall plant with Dandelion-like flowers and leaves that 'clasp' the stem.

Herb Robert

Pink 5-petalled flowers and deeply divided fern-like leaves.
It's a bit smelly!

Annual Meadow Grass

A tiny grass found on pavements, gravel, bases of lampposts etc.,
We recommend you submit a photo of this one!

Cat's-ear

Looks similar to a Dandelion but doesn't have a green 'ruff' below the flower, and has very hairy leaves.

Groundsel

Yellow flowers, sometimes in a cluster, with no petals. Leaves jagged. Weedy places and pavements.

Hogweed

Big divided leaves, hairy stems, white umbrella-shaped or cauliflower-like flowers.
