

**KENT RARE PLANT REGISTER  
PLANT LIST 2024 v20 Total 330**

Adonis annua  
Agrostemma githago  
Ajuga chamaepitys  
Alchemilla filicaulis subsp. vestita  
Allium oleraceum  
Alopecurus aequalis  
Alopecurus bulbosus  
*Althaea officinalis* \*  
Anacamptis morio  
Anthemis arvensis  
*Anthemis cotula* \*  
Arabis hirsuta  
*Artemisia maritima* \*  
Arum italicum subsp. neglectum  
Asplenium septentrionale  
Baldellia ranunculoides  
Bistorta officinalis  
Blitum bonus-henricus  
*Brassica oleracea var. oleracea* \*  
*Briza media* \*  
*Bromus hordeaceus subsp. thominei* \*  
Bromus ramosus subsp. benekenii  
Bromus secalinus  
Buglossoides arvensis  
*Bupleurum tenuissimum* \*  
Buxus sempervirens  
Callitriche truncata  
*Calluna vulgaris* \*  
Calystegia soldanella  
Campanula glomerata  
*Campanula rotundifolia* \*  
Cardamine bulbifera  
Cardamine impatiens  
Carex canescens  
*Carex divisa* \*  
Carex echinata  
Carex elata  
Carex elongata  
Carex extensa  
Carex lepidocarpa  
Carex nigra  
Carex panicea  
Carex polycarata  
Carex rostrata  
Carex vesicaria  
Carex vulpina  
*Carlina vulgaris* \*  
Catabrosa aquatica  
Centaurea calcitrapa  
Centaurea cyanus  
*Cephalanthera damasonium* \*  
Cerastium arvense  
Chaenorhinum origanifolium  
Chamaemelum nobile  
Chenopodiastrum murale

Chenopodium vulvaria  
*Cichorium intybus* \*  
Cicuta virosa  
Cirsium eriophorum  
Cladium mariscus  
*Clinopodium acinos* \*  
Clinopodium nepeta  
Comarum palustre  
Crassula tillaea  
Crepis foetida  
*Cruciata laevipes* \*  
Cuscuta epithymum  
*Cynoglossum officinale* \*  
Cyperus longus  
Dactylorhiza incarnata  
Dactylorhiza maculata  
Daucus carota subsp. gummifer  
Descurainia sophia  
Dianthus armeria  
Dianthus deltoides  
Drosera rotundifolia  
Dryopteris aemula  
Eleocharis acicularis  
Eleocharis multicaulis  
Eleocharis quinqueflora  
Eleocharis uniglumis  
Eleogiton fluitans  
Epilobium palustre  
Epipactis palustris  
Epipactis phyllanthes  
Equisetum sylvaticum  
*Erica cinerea* \*  
Erica tetralix  
Eriophorum angustifolium  
Erodium maritimum  
Erophila glabrescens  
Eryngium campestre  
Ervilia canescens  
*Eryngium maritimum* \*  
Erysimum cheiranthoides  
Ervilia sylvatica  
Euphorbia cyparissias  
*Euphorbia exigua* \*  
Euphrasia confusa  
Euphrasia officinalis subsp. anglica  
*Euphrasia pseudokernerii* \*  
Euphrasia tetraquetra  
Fallopia dumetorum  
Festuca arenaria  
*Filago germanica* \*  
Filago pyramidata  
*Fragaria vesca* \*  
Frankenia laevis  
Fumaria bastardii  
Fumaria parviflora  
Fumaria reuteri  
Fumaria vaillantii  
Galeopsis angustifolia

Galium parisiense  
Galium pumilum  
Galium uliginosum  
Gastridium ventricosum  
Genista anglica  
*Genista tinctoria* \*  
*Gentianella amarella* subsp. *amarella* \*  
Gentianella amarella subsp. anglica  
Geranium purpureum subsp. purpureum  
*Glaucium flavum* \*  
Glebionis segetum  
Groenlandia densa  
Gymnadenia densiflora  
*Helianthemum nummularium* \*  
Helosciadium inundatum  
Herninium monorchis  
Himantoglossum hircinum  
*Hippophae rhamnoides* \*  
*Hordeum marinum* \*  
Hottonia palustris  
*Hydrocharis morsus-ranae* \*  
Hyoscyamus niger  
Hypericum elodes  
Hypericum maculatum  
Hypericum montanum  
Hypochaeris glabra  
Hypopitys monotropa  
Iberis amara  
Isolepis cernua  
Jacobaea aquatica  
Jasione montana  
Juncus acutus  
Juncus compressus  
Juncus ranarius  
Juncus squarrosus  
Juncus subnodulosus  
Juniperus communis  
*Knautia arvensis* \*  
Lactuca saligna  
Lathyrus aphaca  
Lathyrus hirsutus  
Lathyrus japonicus  
*Lathyrus linifolius* \*  
*Lepidium campestre* \*  
Lepidium heterophyllum  
*Lepidium latifolium* \*  
Leymus arenarius  
Limonium binervosum and segregates  
Linaria repens  
Linum radiola  
Lobelia urens  
*Logfia minima* \*  
Lotus angustissimus  
Lysimachia foemina  
Lysimachia minima

Lysimachia tenella  
Lythrum hyssopifolia  
Malva setigera  
Medicago minima  
Medicago polymorpha  
Medicago sativa subsp. falcata  
*Melampyrum pratense* subsp. *pratense* \*  
Melampyrum pratense subsp. commutatum  
*Mentha arvensis* \*  
Mentha pulegium  
Misopates orontium  
*Moenchia erecta* \*  
Myosotis secunda  
Myosurus minimus  
Myrica gale  
Myriophyllum verticillatum  
Nardus stricta  
Narthecium ossifragum  
Neotinea ustulata  
Neottia nidus-avis  
Nepeta cataria  
*Nymphoides peltata* \*  
*Oenanthe fistulosa* \*  
Oenanthe fluviatilis  
*Oenanthe lachenalii* \*  
Oenanthe silaifolia  
Omalotheca sylvatica  
*Onobrychis vicifolia* \*  
*Ononis spinosa* \*  
Ophrys fuciflora  
*Ophrys insectifera* \*  
*Ophrys sphegodes* \*  
*Orchis anthropophora* \*  
*Orchis purpurea* \*  
Orchis simia  
Oreopteris limbosperma  
Orobanche caryophyllacea  
Orobanche elatior  
Orobanche minor subsp. maritima  
Orobanche picridis  
Orobanche rapum-genistae  
Osmunda regalis  
*Oxalis acetosella* \*  
*Oxybasis chenopodioides* \*  
Oxybasis glauca  
*Parapholis incurva* \*  
Parentucellia viscosa  
Pedicularis sylvatica  
Persicaria minor  
Persicaria mitis  
Peucedanum officinale  
Phelipanche purpurea  
Phleum arenarium  
Pilosella peleteriana  
*Plantago media* \*  
Platanthera bifolia

*Platanthera chlorantha* \*  
Polygala amarella  
*Polygala serpyllifolia* \*  
Polygomon oxyspermum subsp. raii  
Polygonum rurivagum  
Polypodium cambricum  
*Polygomon monspeliensis* \*  
Populus nigra subsp. betulifolia  
Potamogeton acutifolius  
Potamogeton coloratus  
Potamogeton friesii  
Potamogeton obtusifolius  
Potamogeton pusillus  
Potentilla anglica  
Potentilla argentea  
*Potentilla erecta* \*  
*Prunus cerasus* \*  
*Puccinellia fasciculata* \*  
*Puccinellia rupestris* \*  
Pyrola rotundifolia  
Pyrus pyrastrer  
Ranunculus arvensis  
*Ranunculus flammula* \*  
Ranunculus hederaceus  
Ranunculus parviflorus  
Ranunculus peltatus  
Ranunculus tripartitus / R. x novae-forestae  
Raphanistrum raphanistrum subsp. maritimus  
Roemeria argemone  
Rosa agrestis  
Rosa spinosissima  
Rubia peregrina  
Rumex crispus subsp. uliginosus  
Rumex maritimus  
Rumex palustris  
Rupia maritima  
Rupia spiralis  
Sabulina tenuifolia  
Sagina nodosa  
Salicornia disarticulata  
Salicornia emerici  
*Salicornia fragilis* \*  
Salicornia obscura  
Salix purpurea  
Salix repens  
Salsola kali  
Salvia pratensis  
*Salvia verbenaca* \*  
Sambucus ebulus  
*Sanicula europaea* \*  
*Sarcocornia perennis* \*  
Scaxifraga granulata  
Scandix pecten-veneris  
Schoenoplectus tabernaemontani x triquetar  
Scleranthus annuus

Serapias vomeracea  
Serratula tinctoria  
Sibthorpia europaea  
Silene conica  
*Silene flos-cuculi* \*  
Silene gallica  
Silene noctiflora  
Silene nutans  
Sium latifolium  
*Solidago virgaurea* \*  
Sonchus palustris  
Sparganium natans  
Spartina maritima  
*Spergula arvensis* \*  
*Spiranthes spiralis* \*  
*Stachys arvensis* \*  
Suaeda vera  
*Succisa pratensis* \*  
Teesdalia nudicaulis  
Teucrium botrys  
Thalictrum flavum  
Thelypteris palustris  
Tilia cordata  
Trichomanes speciosum  
*Trifolium fragiferum* \*  
Trifolium glomeratum  
*Trifolium squamosum* \*  
*Trifolium suffocatum* \*  
Triglochin palustris  
Ulex gallii  
Umbilicus rupestris  
Utricularia vulgaris  
Valeriana dioica  
*Valeriana officinalis subsp. collina* \*  
*Valeriana officinalis subsp. sambucifolia* \*  
*Valerianella dentata* \*  
*Verbascum lychnitis* \*  
*Veronica officinalis* \*  
Veronica scutellata  
Vicia bithynica  
Vicia lutea  
Viola canina  
Viola palustris  
Viola tricolor subsp. tricolor  
*Vulpia ciliata subsp. ambigua* \*  
Vulpia fasciculata  
Vulpia unilateralis  
Wahlenbergia hederacea  
Wolffia arrhiza  
Zostera marina  
Zostera noltei

Note: Plants italicised with an asterisk are relatively frequent. So it may not be as important to record full details of population size, etc.

# Kent Rare Plant Register

## Plant List

**Notes:** This document can be printed double-sided and folded for use in the field.

Changes made from version 1 (2010) are:

- addition of *Salix purpurea* and *Polygonum oxyspermum* subsp. *rarii*;
- italics and asterisk applied to *Bupleurum tenuissimum*;
- conversion to Stace ed. 3 nomenclature, affecting *Aceras anthropophorum*, *Althaea hirsuta*, *Anagallis minima*, *Carex curta*, *Carex viridula*, *Euphrasia anglica*, *Gymnadenia conopsea* subsp. *densiflora*, *Monotropa hypopitys*, *Orchis morio*, *Orchis ustulata*, *Potentilla palustris*, *Triglochin palustre*.

Changes made from version 2 (2011) are:

- addition of *Galium pumilum* and *Myrica gale*.

Changes made from version 3 (2011) are:

- italics and asterisk applied to *Cephalanthera damasonium*;
- italics applied to *Anthemis cotula*;
- addition of *Rhinanthus angustifolius* and *Lythrum hyssopifolia*.

Changes made from version 4 (2011) are:

- italics and asterisk applied to *Brassica oleracea*, and particularised as var. *oleracea*.
- removal of *Epilobium roseum* and *Erodium moschatum* (new sites discovered and the species no longer qualify)
- addition of *Crepis foetida*, *Fumaria reuteri*, *Juncus compressus* and *Salicornia emerici*.

Changes made from version 5 (2012) are:

- addition of *Crassula tillaea*, *Eleocharis acicularis*, *Fumaria bastardii*, *Polycarpon tetraphyllum*.

Changes made from version 6 (2013) are:

- addition of *Eleocharis uniglumis*.

Changes made from version 7 (2013) are:

- addition of *Hypericum maculatum*
- deletion of *Hypericum maculatum x perforatum*

Changes made from version 8 (Feb 2014) are:

- addition of *Artemisia maritima*, *Briza media*, *Bromus ramosus* subsp. *benekenii*, *Calluna vulgaris*, *Calystegia soldanella*, *Campanula rotundifolia*, *Carlina vulgaris*, *Cerastium arvense*, *Cichorium intybus*, *Cruciata laevipes*, *Cuscuta epithymum*, *Erica cinerea*, *Erica tetralix*, *Eryngium maritimum*, *Erysimum cheiranthoides*, *Filago minima*, *Fragaria vesca*, *Genista tinctoria*, *Gentianella amarella*, *Glaucium flavum*, *Glebionis segetum*, *Helianthemum nummularium*, *Hottonia palustris*, *Knautia arvensis*, *Lathyrus linifolius*, *Lepidium campestre*, *Melampyrum pratense* (both subspecies), *Mentha arvensis*, *Moenchia erecta*, *Oenanthe lachenalii*, *Ononis spinosa*, *Oxalis acetosella*, *Pedicularis sylvatica*, *Phleum arenarium*, *Plantago media*, *Polygala serpyllifolia*, *Potentilla erecta*, *Prunus cerasus*, *Ranunculus flammula*, *Ruppia maritima*, *Sanicula europaea*, *Silene flos-cuculi*, *Solidago virgaurea*, *Succisa pratensis*, *Trifolium fragiferum*, *Valeriana officinalis*, *Veronica officinalis*, *Veronica scutellata*.

Changes made from version 9 (Feb 2015) are:

- addition of *Anthemis arvensis*, *Polypodium cambricum*, *Salvia verbenaca*, *Trichomanes speciosum*
- *Valeriana officinalis* given as separate subspecies (to encourage their identification)

Changes made from version 10 (Feb 2016) are:

- addition of *Chaenorhinum originifolium* (to accord with register)
- addition of *Lotus angustissimus*
- deletion of *Plantago major* subsp. *intermedia* (new sites discovered and the subspecies no longer qualifies)

Changes made from version 11 (Feb 2017) are:

- addition of *Eleocharis quinqueflora*, *Euphrasia tetraquetra*, *Sibthorpia europaea*.

Changes made from version 12 (Feb 2018) are:

- addition of *Arum italicum* subsp. *neglectum*.
- updating to Stace ed.4 (2019) nomenclature, viz. *Anagallis arvensis* subsp. *foemina* to *Lysimachia foemina*; *Anagallis tenella* to *Lysimachia tenella*; *Apium inundatum* to *Helosciadium inundatum*; *Centunculus minimus* to *Lysimachia minima*; *Chenopodium bonus-henricus* to *Blitum bonus-henricus*; *Chenopodium chenopodioides* to *Oxybasis chenopodioides*; *Chenopodium glaucum* to *Oxybasis glauca*; *Chenopodium murale* to *Chenopodiastrum murale*; *Clinopodium calamintha* to *Clinopodium nepeta*; *Filago minima* to *Logfia minima*; *Gentianella amarella* to *Gentianella amarella* subsp. *amarella*; *Gentianella anglica* to *Gentianella amarella* subsp. *anglica*; *Gnaphalium luteoalbum* to *Laphangium luteoalbum*; *Gnaphalium sylvaticum* to *Omalotheca sylvatica*; *Lithospermum arvense* to *Buglossoides arvensis*; *Papaver argemone* to *Roemeria argemone*; *Persicaria bistorta* to *Bistorta officinalis*; *Radiola linoidea* to *Linum radiola*; *Ruppia cirrhosa* to *Ruppia spiralis*; *Salicornia pusilla* to *Salicornia disarticulata*; *Salsola kali* subsp. *kali* to *Salsola kali*; *Senecio aquaticus* to *Jacobaea aquatica*.

Changes made from version 14 (Feb. 2019) are:

- addition of *Juncus ranarius*, *Lathyrus hirsutus*.

Changes made from version 15 (Feb 2020) are:

- belated updating of *Inula crithmoides* to *Limbarda crithmoides* and *Minuartia hybrida* to *Sabulina tenuifolia*.
- addition of *Fallopia dumetorum*, *Persicaria mitis*, *Serapias vomeracea*, *Spartina maritima*.

Changes made from version 16 (Feb 2021) are:

- addition of *Myosurus minimus*.
- expansion of *Ranunculus tripartitus* to include *R. x novae-forestae*.

Changes made from version 17 (March 2022) are:

- belated updating of *Vicia sylvatica* to *Ervilia sylvatica*
- amendment of *Viola tricolor* to subsp. *tricolor*
- correcting alphabetical sequencing
- deletion of *Agrostis vinealis*, *Dipsacus pilosus*, *Euphorbia paralias*, *Helleborus foetidus*, *Hippuris vulgaris*, *Laphangium (Gnaphalium) luteoalbum*, *Limbarda (Inula) crithmoides*, *Orobanche hederaceae*, *Poa bulbosa*, *Poa infirma*, *Polycarpon tetraphyllum*, *Rhinanthus angustifolius*
- addition of *Limonium binervosum* and segregates, *Medicago sativa* subsp. *falcata*, *Oenanthe fluviatilis*, *Orobanche minor* subsp. *maritima*, *Viola palustris*

Changes made from versions 18/19 (2023) are:

- addition of *Cyperus longus*, *Populus nigra* subsp. *betulifolia*
