Evening workshops or informal drop-in sessions:

- Aliens – Mark Duffell
- Vegetative ID – John Poland
- Roses –bring your specimens along for Referee Roger Maskew to ID
- Looking beyond Atlas 2020: what comes next? – drop-in session with BSBI President Chris Metherell

Sunday 14th October

Field Trip:

This will focus on tree ID, native and alien deciduous trees, with and without leaves – mostly without! John Poland will lead and the idea is to road-test John's new [*Field Key to Winter Twigs*](#) alongside more traditional methods of tree ID. We'll be visiting a local site (location TBC) that gives us a wide range of trees to ID.

Meet up back at FSC Preston Montford for lunch at 12.30 (if pre-booked).

Conference ends after lunch.

Any questions?

If you have any questions about the Recorders' Conference, please don't hesitate to email the Organising Team – Ellen, Ciara and Louise – at this address: reconf@bsbi.org
